

Notes: Year 8 students may only study subjects highlighted in **BLUE** from Lines One, Two, Seven & Eight. Year 8's studying LOTE instead of Humanities must select a Humanities or Integrated Studies elective from below as one of their elective subjects. These have been marked with a red earth icon: 

Students in Year 9 and 10 have access to Lines One-Four and Five-Eight. Only students in Year 10 have the option of studying one VCE subject during Year 10 (Accelerated VCE). This is subject to approval. Any subject with a "Unit 1 and 2" in its name is a VCE subject.

When requesting changes or new subjects, include your top three preferences as some subjects will already be full.
